

Tennant V5

The Tennant V5 is one of the most versatile and compact dry canister vacuum cleaners in the market place. High vacuum performance, low sound level and a robust design guarantees optimum cleaning performance on all kinds of carpet and hard flooring surfaces. The Tennant V5 features improved filtration levels and an optional synthetic bag which provide higher suction performance, increased productivity and a better air quality.

Easy maintenance and low cost of ownership makes it the most valuable choice for professional vacuum cleaning.

Features

- Powerful suction
- Low sound level
- Robust design
- Light-weight
- Easy accessible filter compartment
- Optional synthetic bag and HEPA filter

Benefits

- Increases productivity, effective cleaning
- Suitable for use in noise sensitive environments
- Durable, safe and low life cycle cost
- Easy to operate and transport
- Simple maintenance, higher productivity
- Higher filtration, long runtime, increased productivity

Applications

- Healthcare
- Educational facilities
- Shopping centres
- Office buildings
- Hospitality sector

Large capacity

Quick replaceable cable

Easy to handle
